Massa urna et augue. Curabitur gravida diam id dui rutrum vulputate. Pellentesque habitant morbi tristique senectus et netus et malesuada fames ac turpis egestas. Morbi sapien leo.

FIND A LOCAL PRODUCTION STUDIO

Curabitur vel diam nunc. Nullam iaculis commodo viverra. Praesent sodales, risu vitae conse.

COUNTRY

-- Select --

You've made it to the part of your interview where you showcase your coding skills. For this test you are required to build a webpage using CSS and HTML. The basic psd template is shown to the left and provided to you. For the javascript portion of the test, create two select form fields in the sidebar, populated with the data given. The 'cities' field will be hidden until a 'country' is selected. And you'll need to populate the options of the 'cities' form field, based upon the country selection.

You can use the latest jQuery if you choose to. Please create your files and folder structure as you normally would.

The lorem ipsum does not have to be exact and the countries and cities should have 3-5 for each section.

Get as much done as you can in the time period allotted. If you can't finish please be prepared to discuss where you are taking the project.

TIME
